ABOUT ME

With seven years of experience as a Navy Special Force officer, I possess a unique set of skills that make me a versatile and highly competent individual, capable of tackling a wide range of challenges. I am passionate about mobile development and I am constantly expanding my knowledge of new technologies and techniques.

WORK EXPERIENCE

07/2022 – CURRENT Tunisia
ANDROID DEVELOPER (FREELANCE) ALL SOFT MULTIMEDIA

1. Mainely worked on ProCaisse Mobility and ProInventory Mobile :
   - Reduced app crashes by 50% by implementing a new testing framework and improving code quality.
   - Collaborated with cross-functional teams to design and implement new features that enhanced user experience and addressed key business needs.
2. Developed an app that combines both Mobility and inventory and migrated both apps to Kotlin and Jetpack Compose :
   - Decreased loading data time by 60% by implementing parallel requests.
   - Improved the overall performance by 40% compared to legacy apps.
   - Improved user experience.

Technologies: Java, Kotlin, Dagger Hilt, Room, JetPack, Material3, Ktor, RESTful APIs, Git
